

GENERAL SAFETY – A SINGLE SECOND

1. It takes a minute to write a safety rule.
2. It takes an hour to hold a safety meeting.
3. It takes a week to plan a good safety program.
4. It takes a month to put that program into operation.
5. It takes a year to win a safety award.
6. It takes a lifetime to make a safety worker.
7. But it takes only a second to destroy it all with one accident.

Take the time now to work safely and help your fellow employees to be safe!
